Cleaners & Descalers

Liquid Glass Bowl and Airpot Cleaner Concentrate

VEC200

VE List (each) \$20.00

VE List (case) \$17.60

Concentrated to save you money and packed in a 32 ounce twin neck bottle to make measuring out the right amount of concentrate easy. Safe for use on metals, glass, and plastics. Also, use to wipe down external surfaces of machine for removal of coffee stains and food residue.

- 4 - 32 fl. oz. Twin Neck Bottles/Case

Sanitizer and Cleaner Concentrate

VEC204

VE List (each) \$6.70

VE List (case) \$5.60

Versatile for use as a cleaning solution for food residue, coffee oils and stains. Also, can be used to soak small parts for cleaning or as a paste for really tough problem areas.

- 6 - 24 oz. Jars/Case

Citric Based Concentrated Activated Scale Remover

VEC207

VE List (each) \$7.00

VE List (case) \$5.85

For use on a routine basis for descaling of coffee and espresso machines based on the equipment manufacturer's procedure for descaling. Makes a working solution by dissolving 1 scoop of product in 1 quart of water.

- 6 - 24 oz. Jars/Case

Espresso Machine Cleaner Concentrate

VEC205

VE List (each) \$6.90

VE List (case) \$5.75

For use in the backflush cycle of espresso machines following equipment manufacturer's directions. Use only 1/2 scoop of Espresso Machine Cleaner to 1/2 gallon of water means 24 ounces goes a long way!

- 6 - 24 oz. Jars/Case

Prices subject to change. Call or check www.veii.com for current pricing.

IT'S A MATTER OF TASTE

PREMIUM QUALITY WATER FOR THE OFFICE

Whether it's clean and refreshing for bottleless cooler or cold cup vending, or rich and flavorful for gourmet coffee, great-tasting water is really what matters. Pentair® Everpure Filter Cartridges and Systems elevate office coffee and water beverages to an entirely new level.

Beyond taste enhancement, Everpure-branded products feature proprietary filtration technology that protects water-using equipment. Scale buildup is significantly reduced, as well as other contaminants that may cause corrosion and clogging.

Give your customers the key ingredients for better-tasting beverages: Pentair Everpure Filter Cartridges and Systems.

Everpure claris® 5-Stage Filtration/Softener Systems

- Precise, tailored hardness control
- Reduces scale, metal corrosion and prevents clogged drains
- NSF Certified under NSF/ANSI Standards 42

Everpure 4C Filter System

- Unique filter blend reduces chlorine taste & odor, cysts†, and particulates as small as 0.5-micron†*
- NSF Certified under NSF/ANSI Standards 42 and 53

Everpure OCS² Filter Cartridge

- Proprietary Micro-Pure® II filtration media effectively inhibits the growth of bacteria on the filter that can decrease product life*
- NSF Certified under NSF/ANSI Standards 42 and 53

Ask Vendor Exchange about Office Coffee and Water treatment solutions from Pentair – see index for complete product listing. For more information, visit www.everpure.com.

†By mechanical means.

*See individual system specification sheets for performance claims and FIFRA registration information.

Water Block™

Office Flood Protection and Peace of Mind for about the Cost of an Airpot

VE 2390 The Water Block™ (EVP9503-00)

Imagine a safety device that will virtually eliminate the possibility of flooding in your locations. The device measures the number of gallons of water that have passed through it; if this quantity exceeds the set value, the Water Block stops the flow and maintains this safety condition until user intervention.

You determine the limit with the easy-to-set notches located on the Water Block (every notch increases the set volume by 1.5 +/- gallons). The Water Block controls the maximum consumption of water between 1.3 and 13.2 gallons.

If the water does not exceed the set value, the Water Block automatically resets itself and is ready to start a new measurement cycle.

List Price	\$27.20
25-49	\$24.48 (10% off List)
50-199	\$21.76 (20% off List)
Lots of 200	\$19.95 (26.5% off List)

VE2391 Water Block Reset Device (EVP9503-20)

This easy-to-install accessory allows you to reset the Water Block by simply pressing down on the red button.

While the Water Block can be reset by shutting off the water flow, removing the device and resetting the Water Block manually, this option allows you to do the reset without the inconvenience of removing the Water Block from the line.

List Price	\$15.20
25-49	\$13.68 (10% off List)
50-199	\$12.16 (20% off List)
Lots of 200	\$11.17 (26.5% off List)

Features:

- Controls maximum consumption of water between 1.3 and 13.2 gallons
- No external energy source required—water simply flows through the device
- Resistant to chlorine and chloramines damage

Installation Tips:

- Vertical assembly preferred
- Not recommended for reverse osmosis (RO) installations

Applications:

- Coffee, POU coolers, vending, under-counter chillers, small ice machines

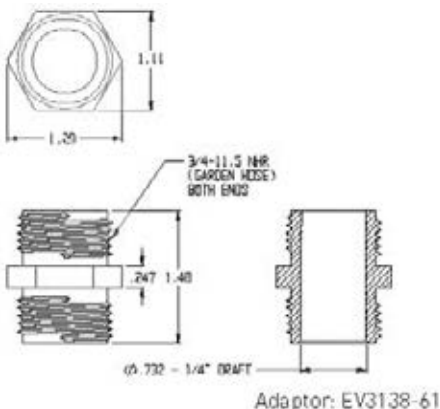

VE2392 Adaptor (EVP3138-61)

Adaptor used with the Water Block to convert end to 3/4". Used with GHT (Garden Hose Thread) connectors.

List Price	\$1.20
25-49	\$1.08 (10% off List)
50-199	\$0.96 (20% off List)
Lots of 200	\$0.88 (26.5% off List)

CT3 The Vending Tester PRO

Coin Changer and Bill Validator Tester plus Vending Simulation

The CT3 . . . a tool for the PRO

What was known as the Best Vending Tester ever made is now one step closer to perfection.

Introducing the most professional tool ever designed for the vending industry. The CT3 Vending Tester PRO can help both small and large vending operators avoid unnecessary and costly trips to a service center. By performing preliminary troubleshooting, repair and sales simulation, the CT3 will pay for itself within a short time.

For the major service centers, the CT3 offers many new features including an **MDB Level Selector**, an **MDB Status button** and **improved tuning mode** in addition to being able to test many **cashless systems**. The CT3 also offers three **fully programmable selection simulations** enabling you to perform actual sales. The CT3 is ready to accept coin changers having up to **seven tubes of change**.

All this on top of the already existing features including **Multimode coin changers and bill validator tester**, exclusive **SSPS** (SEM Short Protection System), **AutoTest** function and a serial printer output.

UCB™ Universal Control Board

The UCB™ (Universal Control Board) from Vendors Exchange® provides one CPU board to fit multiple snack machines. Plug-and-play technology allows for quick installation of replacement boards and peripherals, including security devices, LCD touch-screens, remote communication devices, and more. Eliminate unnecessary trips and reduce training and inventory costs by using the same control board in each of your snack machines.

Features:

- Upgrades equipment to MDB Level 3/DEX 6.1
- Control board is universal to multiple machines, reducing inventory and training costs
- SD card slot provides means to update pricing, programming, and other data in seconds
- Plug-and-play features provide quick and easy replacement of control board and addition of features
- New power supply

New 2.0 Features:

- Password level for audit data
- Automatic Discounting-help push slow moving or expiring products through programmable discounts
- Winner Mode allows operator to offer free purchases
- Sales Tax Display will display prices and tax separately

Water Pumps (Bottled)

FLOJET

**When tap water just isn't
good enough . . .
Pump it Fresh!**

The Flojet Bottled Water Dispensing System is the most compact system you can buy and it's the most affordable. Whether you're operating a vending machine, a coffee/tea beverage cart or using it at home under the sink, the Flojet Bottled Water Dispensing System delivers clean bottled water at a low price. It's easy to install, and it comes with a 1 year limited warranty.

- 115 Volt AC
- 6' cord with plug
- Pump design: Positive displacement, double diaphragm
- Flow rate: 1.0 GPM (3.8 L/min) at open flow
- Discharge hose: 1/4" OD x 70" (6.7 m)
- UL and CUL listed
- NSF Listed, Standard 18

THE VE[®] ADVANTAGE

PARTS + CUSTOMER CARE

Dedicated to each customer, our team is here to answer questions, fulfill orders and provide knowledge about parts and services VE[®] has to offer.

EQUIPMENT SALES

Our staff has seen it all. Members of our sales team have experience running routes to helping pack parts orders. This shared experience will help find new ways to improve the return on your investment.

SERVICE

Experience sums up our electronic repair department, with certified technicians and a CPI approved service center. We repair it all – from coin mechs & bill validators to control boards.

GRAPHICS

Our dedicated team of graphics specialists work on the design, layout and printing of your machines look. Handling a single machine to a bank is easy for our team to pull together a look that your customers will love.

LIGHTING

Partnered with CLEANLIFE[®] LED, VE is improving the look of products while offering an energy efficient solution. The retrofit solutions offer easy installation with a 5-Year Limited Warranty for less frequent maintenance.

INNOVATION

Known for solutions that will help solve industry problems, like the Rowe Bill Changer Kit, Universal Control Board and MIND[™] Touchscreens, VE finds solutions. Our array of products include innovative technologies matched with practical solutions for day to day business needs.
