

VE KIOSK™

*Your simple solution
for micromarket
management.*

YOUR SYSTEM

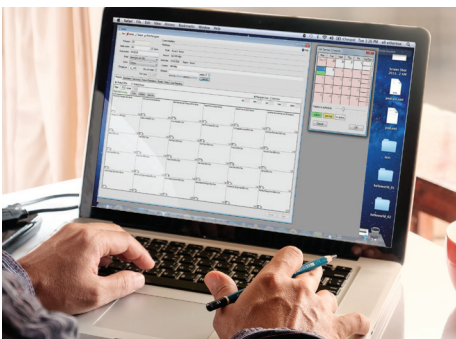

Operators now have the flexibility to run the VE Kiosk with or without a VMS.

YOUR REVENUE

Keep more profit in your pocket with a low, monthly flat rate and no transaction or sales percentage fees.

YOUR WAY

Get maximum flexibility to manage your micromarket on your terms.

YOUR SYSTEM

VERSATILE

Operators now have the flexibility to run the VE Kiosk with or without a VMS.

SINGLE-POINT MANAGEMENT

Control your vending machines and micromarkets with your VMS.

Compatible with VendSys™, Cantaloupe™, and Streamware™ VMS platforms.

REMOTE MANAGEMENT

Reduce route visits by tracking sales and monitoring customizable alerts.

TEMPERATURE MONITORING

Cooler and freezer temperatures tracked through our KMS portal.

INTUITIVE USER EXPERIENCE

An easy to use touchscreen allows your customer to search, scan and purchase.

REAL-TIME CUSTOMER SUPPORT

We're just a phone call away with expert knowledge and remote login capabilities.

YOUR REVENUE

VALUE DRIVEN

Lower fees enable the VE Kiosk to be placed in smaller locations.

Be profitable faster. Annual fees can be substantially less than competitors.

LOW EQUIPMENT COST

Get started faster by reinvesting the cash you save to grow your business.

ADVERTISING

Generate more revenue with the ability for promotional checkout and full or partial screen advertisements.

NEW PAYMENT OPTIONS

Increase revenue with Apple Pay/Google Pay.

Two-Tier pricing
