PACKED FULL OF FEATURES DESIGNED TO DRAW IN A CROWD.

USER-FRIENDLY TOUCH SCREEN

The 10" touch screen - 1280 x 800 - offers a visual guide, making choices easy. The design and layout of the screen can also be fully customized to suit any environment. WiFi and Bluetooth enabled on-screen information and entertainment.

COFFEE EXACTLY TO YOUR TASTE

The user-friendly UI lets your customer prepare a drink just the way they like, allowing them to make changes to the strength and amount of ingredients. Operators can save personalized drinks in the layout with the quick two buttons modality or make drinks "Your Way"

FLEXIBLE CANISTER

The flexible canister may offer two blends of coffee beans at the same time to suit different preferences. Each canister contains up to 3 lbs of coffee.

UP TO 4 SOLUBLE CANISTERS

The 9100 can be equipped with up to 4 soluble canisters to greatly increase the variety of drinks available to your customers. Flavor offerings include, Chocolate, French vanilla, Cappuccino topping, Chai tea and more.

VERSATILE DELIVERY AREA

The spacious delivery area with adjustable cup holders allows you to fill travel mugs and carafes.

PAYMENT SYSTEMS

The Wittenborg 9100 can be equipped with a multitude of payment options to fit the needs of your business. Payment systems or free vend, your choice. The machine also supports coin or cashless systems at the same time.

PAY RANGE

Mobile payments with PayRange are unlike any other solution on the market. The transaction occurs over a user's mobile connection, eliminating the need for telemetry on your machines.

CREDIT CARDS

Give your customers comfort and confidence with credit card payment options that meet the industry standards for security.

BILL VALIDATORS

Add to your profitability with the ultimate payment device – to optimize and customize the point of sale.

ONLINE FEATURES

The 9100 is a machine for the future and has been designed with a number of features like RSS feed*, weather forecast and online connectivity.
